FOOD, BEVERAGE & CHEMICAL TOXICOLOGY

Regulatory & Product Stewardship — Food & Beverage, TSCA/FIFRA, Consumer Products

Trinity Consultants

Trinity Consultants is a leading global environmental consulting firm that brings 50 years of experience providing services and solutions in the EHS Regulatory Compliance, Built Environment, Life Sciences, and Water & Ecology markets. Trinity has the technical expertise, industry depth, and specialized capabilities to help clients achieve their goals across the natural and built environments.

We have 50+ years of applied toxicology and regulatory strategy, providing innovative solutions to scientific, legal, and regulatory challenges.

- Board-Certified Toxicologists
- Regulatory Scientists
- Global agency interface expertise (U.S., Canada, EU)
- Time-to-approval acceleration
- Unwavering commitment to quality

Our Expertise

- Regulatory strategy development
- Data gap filling
  - Read-across
  - Literature review
  - GLP testing support
- Dossier preparation & submission
- Agency interfacing & post-market support

Expertise and Outcome

Food & Beverage

- GRAS strategies and Expert Panels
- Dietary exposure assessments
- Incident & contamination investigations
- Color additive submissions
- Ingredient chemistry and formulation review
- Food-contact notifications & food additive petitions
- Dietary supplement submissions

Outcome: Streamlined approvals and defensible consumer safety positions.

TSCA/FIFRA

- TSCA pathways: PMNs/LVEs, SNUR support, exemptions strategy
- Hazard exposure & risk characterization; category/read-across & QSAR (OECD/EPA-aligned)
- CDR & supply-chain data quality and compilation
- FIFRA registrations/amendments: PRIA strategy, waivers/bridging, CSF/labeling

Outcome: Reduced testing burden and clearer regulatory path to faster decisions.

Product Stewardship

- Prop 65 exposure assessments vs. safe harbor levels; warning programs
- Consumer product hazard assessments & labeling compliance
- Product safety & ingredient reviews; priority chemicals and alternatives
- Global regulatory program support, including REACH, RoHS, Canada NSNR and BPR
- SDS generation & translation services, Dangerous Goods assessments, & EU Poison Centre Notifications
- Manage product impacts across its entire lifecycle

Outcome: Defensible compliance and fewer market disruptions.
