

 Trinity Consultants is a leading global environmental consulting firm that brings 50 years of experience providing services and solutions in the EHS Regulatory Compliance, Built Environment, Life Sciences, and Water & Ecology markets. Trinity has the technical expertise, industry depth, and specialized capabilities to help clients achieve their goals across the natural and built environments.

Trinity's Global Trade Group has the expertise you need to support an expanding chemical business. Whether your company is looking to develop new technologies or provide new services in the chemical sector, we have the global knowledge to help you quickly and effectively maneuver across the globe.

We offer Chemical Strategizing/Registration/Notification/Reporting in:

- U.S. TSCA
- EU REACH
- UK REACH

We know that these regulatory schemes can be complicated and constantly changing. We have expert level staff with years of industry experience to help you navigate global requirements.

Below are a few of the outputs they are prepared to deliver:

- Substance Identification
- Dossier Preparation
- Data Development/Analysis

- Comprehensive Testing Coordination
- Agency Outcome Management/Negotiation

Our global reach includes resources located within the corresponding jurisdictions to facilitate communications or submittals to local agencies. We have also been successful working through the complicated navigations of today's TSCA PMN/Risk Management process. We have the right set of skills and experience to create an effective and realistic testing/submittal plan in this area.

We are prepared to meet your needs in a timely, cost-effective manner whether you have a question or a full project.
