Oct 1	UDAQ Annual Emission Fees	●				
TBD	TSCA CDR Report [2]				●	
TBD	PFAS Requirements (one time report under TSCA) [3]				●	

Note: This is not an exhaustive list of reporting deadlines. Facility-specific requirements and deadlines may vary. Trinity suggests checking with local regulators for submission deadlines. Submit or postmark reports by the due date for on-time consideration. If due date falls on a weekend or holiday, Trinity recommends you submit or postmark the prior business day.

[1] Per EPA's October 2026 interim final rule, RY2025 GHGRP reports are due March 10, 2027 (extended from October 30, 2026). RY2026 reports remain due March 31, 2027. State reporting deadlines are not affected.

[2] Manufacturers (including importers) are subject to the reporting requirements based on manufacturing (including importing) activities conducted during the reporting period. This report is required every 4 years. The last report was due in 2024. The next report will be due in 2028 (covering reporting years for 2024 through 2027).

[3] PFAS reporting under TSCA Section 8(a)(7) is due 60 days after the effective date of EPA's forthcoming revision to the PFAS reporting rule which covers import and manufacture of PFAS from 2011 to 2022. This is a one-time data gathering and reporting requirement separate from CDR. While similar to CDR in many ways, the PFAS reporting is much more extensive and does not exclude articles, de minimis concentrations, or low levels of activity.

Other Facility-Specific Deadlines:

- NSPS/NESHAP Annual, Semi-Annual, and Quarterly Reports
- Risk Management Plan Update (every 5 years)
- Spill Prevention, Control, and Countermeasure (SPCC) Revision/Renewal
- SPCC Annual Inspections
- SSM Semi-Annual Incident Reports (Required for some MACT standards
- Title V Annual Compliance Certification (Anniversary of Title V Permit Issuance)
- Title V Semi-Annual Monitoring Report (2nd half of previous year, or consistent with anniversary of Title V Permit Issuance)
- Title V Renewal (every 5 years)
- Stormwater Polution Prevention Plans (Quarterly Inspections and Annual Compliance Certifications)
