

Trinity Consultants is a leading global environmental consulting firm that brings 50 years of experience providing services and solutions in the EHS Regulatory Compliance, Built Environment, Life Sciences, and Water & Ecology markets. Trinity has the technical expertise, industry depth, and specialized capabilities to help clients achieve their goals across the natural and built environments.

Utah-Focused Support from Trinity Consultants' Salt Lake City Office

Helping facilities navigate stormwater, wastewater, spill prevention, permitting, and environmental compliance requirements with practical, site-specific solutions.

Common Challenges We Help Solve

- Stormwater Pollution Prevention Plan (SWPPP) updates
- Wastewater or National Pollutant Discharge Elimination System (NPDES) compliance requests
- Industrial User Permit (IUP) requirements
- Spill Prevention, Control, and Countermeasure (SPCC) secondary containment evaluations
- Facility Response Plan (FRP) applicability determinations
- Environmental inspection preparation
- Compliance risk assessments to help prevent enforcement issues

Stormwater Compliance

Stormwater Pollution Prevention Plans (SWPPPs)

- SWPPP development and updates
- Site inspections and compliance assessments

- Best Management Practice (BMP) evaluations
- Stormwater sampling support
- Employee training and recordkeeping assistance
- Industrial and construction stormwater permitting support

Industrial Wastewater & Pretreatment

Industrial User Permit (IUP) & NPDES Permitting Support

- Permit applications and renewals
- Pretreatment applicability evaluations
- Wastewater characterizations (process vs. non-process, categorical, etc.)
- Sampling and monitoring programs
- Permit condition reviews
- Compliance reporting assistance
- POTW and Utah Department of Environmental Quality (UDEQ) inspection support
- Wastewater treatment design and permitting

Spill Prevention Compliance

SPCC & FRP Support

- SPCC Plan development and amendments
- FRP development and revisions
- Secondary containment evaluations
- Spill response planning
- Compliance reviews and audits
- Inspection and testing program support
- Training assistance

Additional Water Compliance Services

- Multi-media compliance assessments and auditing
- Spill reporting and incident investigations
- Wetlands delineations and Waters of the United States (WOTUS) determinations
- Wastewater treatment design and permitting
- Water resource planning and water rights support
