Apr 30	Quarterly Excess Emissions Report	●				

More 2027 reports and deadlines on back

Note: This is not an exhaustive list of reporting deadlines. Facility-specific requirements and deadlines may vary. Trinity suggests checking with local regulators for submission deadlines. Submit or postmark reports by the due date for on-time consideration. If due date falls on a weekend or holiday, Trinity recommends you submit or postmark the prior business day.

[1] Annual update report is due March 1 for sources that don't pay emissions fees (e.g. registered sources, minor sources). For sources that pay emissions fees (e.g. Title V sources, SM-80 sources) the Annual update report and annual emissions inventory are due together by April 15.

[2] Per EPA's October 2026 interim final rule, RY2025 GHGRP reports are due March 10, 2027 (extended from October 30, 2026). RY2026 reports remain due March 31, 2027. State reporting deadlines are not affected.

[3] VEEP is a voluntary initiative run by Virginia DEQ. The VEEP annual report is only applicable to VEEP members.

TBD	CDP (previously known as Carbon Disclosure Project) [6]	●	●	●	●	●

Note: This is not an exhaustive list of reporting deadlines. Facility-specific requirements and deadlines may vary. Trinity suggests checking with local regulators for submission deadlines. Submit or postmark reports by the due date for on-time consideration. If due date falls on a weekend or holiday, Trinity recommends you submit or postmark the prior business day.

[4] The TSCA PFAS reporting period is expected to open on January 31, 2027, or 60 days after the effective date of EPA's final rule revisions, whichever occurs first. Most affected entities will have six months from the opening date to submit required PFAS reports.

[5] NSPS and MACT compliance reporting deadlines vary by regulation.

[6] CDP is a global non-profit that runs the world's only independent environmental disclosure system for companies, capital markets, cities, states and regions to manage their environmental impacts.
